shakyapramod586@gmail.com

Education

- **Noida Institute of Engineering and Technology Greater Noida** *2025*
  B.Tech Computer Science and Engineering CGPA: 6.72
- **Paras Public School** *2021*
  Central Board of Secondary Education(12th), UP Percentage: 92
- **Paras Public School** *2019*
  Central Board of Secondary Education(10th), UP Percentage: 84.3

Personal Project

AI Resume Analyzer

- Developed an AI tool to analyze resumes against job descriptions
- Provided skill gap analysis and AI-based suggestions for improvement
- **Technologies**: Python, NLP, LLM APIs

Traffic Sign Classification using Deep Learning

- Developed a deep learning model to classify traffic signs using image data
- Implemented Convolutional Neural Networks (CNN) for accurate image recognition
- Achieved high classification accuracy through data preprocessing and model tuning
- **Technologies:** Python, TensorFlow / Keras, OpenCV, Deep Learning

Industrial Task Monitoring System

- Developed a system to monitor and track task progress in an industrial environment
- Enabled better task allocation, status tracking, and productivity analysis
- Improved operational efficiency by providing real-time task monitoring
- **Technologies**: Programming Logic, Database Concepts, Basic Web / Application Interface

Expense Tracker (Python + SQL)

- Developed a GUI-based application for tracking and categorizing daily expenses
- Enabled users to visualize spending patterns for better financial planning
- Technologies: Python, Tkinter, SQLite

Skills and Interest

Programming Languages: Java, Python, C/C++
Web Technologies: HTML, CSS, JavaScript
Soft Skills: Communication, Problem solving, Adaptability, Time Management, Team collaboration.
Operating System: Proficient in Windows.

Certifications/ Courses

- Introduction to Java (09/2022-10/2022) – Coursera
- Data structure Using Python – Infosys Springboard
- Introduction to AI- Infosys Springboard
- Certificate of Completion of basic python- Coursera
- Completed Ethical hacking course- Coursera
- Cisco Cybersecurity Certification (06/2023-06/2023)-
- Google Cloud Fundamentals and Infrastructure – Google Cloud
- Programming in C (04/2023-05/2023)- Infosys Springboard
